### Occupational Therapy

Helps individuals achieve independence with daily living activities such as bathing, grooming, toileting, and cooking.

# Expert Health Care In Your Home

Care Plus Homehealth Care can encompass the changing health care needs throughout a patient's life — from personal care and companionship to comprehensive skilled nursing and therapy at home.

Services are provided for:

- ◆ Independent Living
- ◆ Assisted Living
- ◆ Memory Care Assisted Living
- ◆ Home in the Community

We are a Medicare participating provider. Traditional Medicare Part A pays 100% of skilled services provided at home for qualified patients. Our team will verify your benefit coverage prior to your first visit.

Private duty services are available in the home and billed at a private pay hourly fee for the cost of care. We are also a Medicaid participating provider, and accept Home and Community-Based Services Waivers.
